## 5. Hammer

Practice and draw to the button procedures for round robin, tie breakers and medal games:

- c. This stone must be measurable in the house.
  - i. If the stone is in the free guard zone or not in play, the stone must be delivered again, by different team member, and a score of 185.4cm will be recorded. This process is repeated until a stone is measurable in the house. If the second team's rock does not stop in the house and the first team had a measurable stone, the second team does not throw again.
  - ii. If the stone covers the pin, the stone must be delivered again, by a different team member, and a score of 0cm will be added to measurement. This process is repeated until a stone is measurable in the house. If the first team does not cover the pin and the second team covers the pin, the second team does not throw again. A score of 0cm will be recorded for any team covering the pin during their first attempt for tie breaker purposes (see section D Tie Breaker Policy).
