Access Point Map:

\*Most qualified to perform First Aid in the case of an injury. Responsible for caring for the injured athlete. Should be assigned to assistant or head coach.

\*\*Person who will be responsible for calling 911 if needed, as well as meeting the ambulance outside and directing them inside. Should be assigned to assistant or head coach.

\*\*\*Responsible clearing the area around the injury, as well as other barriers if needed. Delegated to a bystander by the charge or call person. If there is a third member of the coaching staff, this should be assigned to them.
